

MANUFACTURING BY ALL-PRO THREADED PRODUCTS™

WE MAKE MORE THAN NUTS & BOLTS™

ATP has the expanded capabilities to produce a wide range of custom, high-quality products with industrial precision. To ensure the quality of its manufactured products, All-Pro Threaded Products (ATP) holds multiple quality certificates including API Q1 and ISO 9001. All-Pro Threaded also holds The American Petroleum Institute API 20F-002 and API 20E-0016 Monogram License to manufacture API 20E BSL-1, BSL-2, and BSL-3 bolting. Our wide range of standard, non-standard, and per-print custom products serve a variety of industries including OEM, MRO, oil and gas, and infrastructure. With the added support of All-Pro's on-site Quality Assurance Lab, featuring A2LA accreditation, we ensure all products meet strict quality requirements.

ALL-PRO CAPABILITIES

All-Pro Threaded Products (ATP) offers a full range of materials that meet the needs of various industry applications, including coating and heat-treating options, as well as in-house capabilities such as threading, stamping, drilling, product modification, and more. Whether customers need products custom ordered or existing products altered, ATP's manufacturing experts deliver products built to exacting specifications. Since all tooling is manufactured in-house, setup time and cost are both reduced.

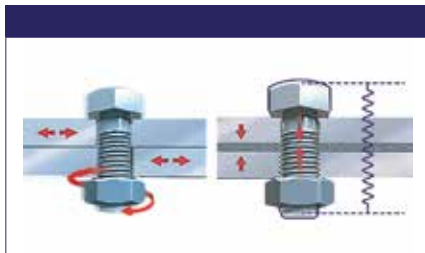

CUSTOMIZED AND PURPOSE-BUILT PRODUCTS:

- Hot Forge and Presses and Upsetters
- Rolled and Cut Threading Machines
- CNC Lathes
- Benders
- Specialized Machining Systems

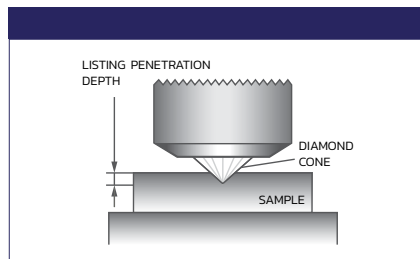

Visit www.aptp.com/products for a full list of available products or call directly at 800-361-6627.

QUALITY ASSURANCE AND TESTING CAPABILITIES

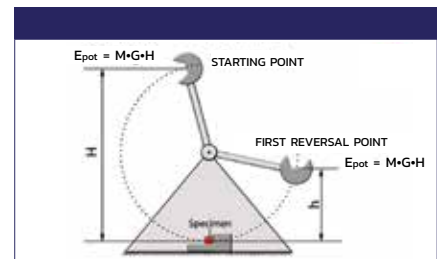

With our on-site Quality Assurance Lab with A2LA accreditation, the experts at APF guarantee the products we manufacture, stock and distribute meet all customer demands. We have extensive quality assurance and testing capabilities including...

Rotational Capacity Testing

Rockwell Testing

Charpy Testing

THE ALL-PRO DIFFERENCE™

As the manufacturing arm of All-Pro Fasteners™, ATP provides customers one point-of-contact, one purchase order to issue, and one supplier to count on. Our sales managers are category experts across all market segments, and designated account managers assist with any size order. The scope of our operations, along with our laboratory quality management system and company certifications, help ensure the higher level of product quality and service customers expect from us. With our quality assurance program, we can guarantee complete confidence when purchasing any critical application and safety-related products. That's the APF Difference.
